

SIP WINTER SPECIAL OFFERS

SIP FIREBALL XD Diesel / Paraffin Space Heaters

- Powerful heating capacity for effective coverage
 - 09594 XD140:** 140,000BTU/hr (41kW), 1060mtr² approx. area
 - 09595 XD175:** 175,000BTU/hr (51kW), 1230mtr² approx. area
- Integrated thermostat for flexible temperature control
- Heavy-duty air pump for efficient fuel transfer
- Rugged full-frame design for protection
- Heavy-duty pneumatic tyres for mobility

ITEM No: 09594 (XD140)
ITEM No: 09595 (XD175)

SIP FIREBALL Propane Heaters

- Powerful heating capacity for effective coverage
 - 09287:** 35,121BTU/hr (10kW), 230mtr² approx. area
 - 09291:** 170,607BTU/hr (50kW), 1145mtr² approx. area
- Push-button Piezo ignition for safe, reliable and easy start-up
- Powered fan helps to maintain even heat distribution
- Supplied with an approved gas regulator and hose
- Compact floor-standing design with carry handle

ITEM No: 09287 (342)
ITEM No: 09291 (1706)

SIP FIREBALL Turbofan 2000 Electric Fan Heater

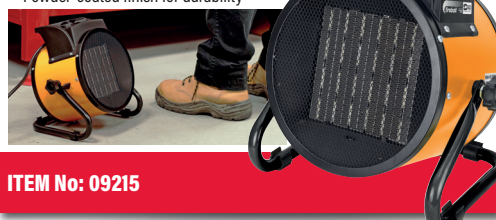

- 6,820BTU/hr (2kW) powerful heating output
- Positive Temperature Coefficient (PTC) element
- Heats without warming external heater casing
- Integrated thermostat for flexible control
- Compact and lightweight for portability
- Powder-coated finish for durability

ITEM No: 09128

SIP FIREBALL Turbofan 3000 Electric Fan Heater

- 9,554BTU/hr (2.8kW) powerful heating output
- Positive Temperature Coefficient (PTC) element
- Heats without warming external heater casing
- Integrated thermostat for flexible control
- Compact and lightweight for portability
- Powder-coated finish for durability

ITEM No: 09215

SIP FIREBALL Turbofan 5000 Electric Fan Heater

- 3 settings up to max. 17,064BTU/hr (5kW) heat output
- Built with PTC element for safer temperature control
- Lightweight and compact with legs and carry handle
- Heavy-duty powder-coated finish for durability
- Adjustable tilt control for quick positioning
- Automatic shut-off

ITEM No: 09220

SIP Rescue Pac 1600

- 1600A boost peak rate and 700A cranking rate (12v)
- 12v DC power supply powers devices directly from booster
- LED charge rate indication for accurate charging state
- Lightweight and compact design for easy portability
- Heavy-duty plastic casing

ITEM No: 03936

SIP Rescue Pac 3000

- 3000A boost peak rate and 1200A cranking rate (12v)
- 1500A boost peak rate and 600A cranking rate (24v)
- 2x 12v DC power supply powers devices directly from booster
- Reverse polarity alarm and auto circuit overload protection

ITEM No: 03937

SIP STARTMASTER P440 Starter Charger

- 12v/24v charging voltage and 220A max. boost rate
- 180Ah max. battery capacity and 33A charging current
- 2 different charge rate settings
- Clear and easy-to-read ammeter for high accuracy
- Short circuit, overload, and reverse polarity protection

ITEM No: 05533
